PERMIT RECORD AND THE GAP

PERMIT	ISSUED	SCOPE	STATUS
No permit of any type on this parcel in the city record.			

No permit has been pulled since the first violation was opened on 2025-02-19. The cure is entirely unpermitted today.

LIENS AND MUNICIPAL CLAIMS

CLAIM	STATUS IN THIS PASS	WHERE IT IS PAID
Real estate tax and any filed municipal lien	Not verified. Balance sits behind the city tax portal, OPA 432114100	tax-services.phila.gov, or (215) 686-6442
Water and sewer arrears	Not verified. PWD does not publish per parcel	(215) 685-6300, water bill on the OPA number

CURE ORDER

1. Pull the tax and water balances on OPA 432114100 before any money moves. Two phone calls, 20 minutes, and they are the only claims that survive closing as a surprise.
2. Read every notice in the table. Each carries the exact action the inspector ordered, and each PDF is linked above for the file.
3. File the permits for the cited conditions in one package with the district office at 2401 Walnut St, Philadelphia PA 19103, 215-683-0575. Unpermitted cure work is the most common way a violation reopens.
4. Correct, then request reinspection at (215) 255-4040 and quote the case number. The case closes when the inspector signs off and the fee balance is paid.
5. Order the title search for private liens. The city record above is complete on code, and it is not a title search.

WHAT THIS DOES TO A FRIDAY CLOSE

A title company will not insure over 21 open violations and $8,300 in assessed fines without an escrow, a hold harmless, or a cure. On a $50,200 basis against $109,400 of assessed value, the fines are 16.5% of what was paid. Escrow the fine total plus permit fees and the file moves Friday. Skip it and the buyer signs into a case that is already 625 days old.
